GANNON UNIVERSITY
2015-2016 POST-GRADUATE OUTCOMES
UNDERGRADUATE PROGRAMS
SUMMARY
This update was generated based on voluntary responses from recent graduates representing the 2015-16 academic year. Career Exploration and Development solicited graduates directly by mail, by email, by phone, and partnered with faculty to gather post-graduate information. In order to further increase the knowledge rate associated with graduate outcomes, LinkedIn.com was leveraged in an attempt to identify the statuses of any remaining graduates. This annual practice of collecting outcomes begins in July and concludes after the winter break.

After a period of several months, a snapshot of post-graduate outcomes was established as a result of these noted efforts. From a roster of 576 graduates, 84% (484) shared information.

Within the scope of those who responded, over 91% of graduates are either employed in substantive roles or are continuing their education.

50% (242) of graduates indicated they are employed in substantive roles and 41.3% (200) are continuing their education.

6.8% (33) of graduates indicated they are employed part-time and/or are interested in more substantive roles and 1.9% (9) are still seeking employment.

Employed – employed in substantive roles
Continuing Education – enrolled in continuing education, including both certification and degree programs
PT/Seeking – employed part-time or interested in more substantive roles
Not Employed – without a reported role or not seeking
THREE YEAR OVERVIEW

UNREPORTED DATA
Each year, a certain percentage of graduates are unable to be contacted and their status is designated as unreported. After considering the 16% (92) whose status is unreported from the 2015-16 year, 23 were international students, many of whom returned to their countries of origin, making post-graduation contact difficult.
POST-GRADUATE OUTCOMES BY COLLEGE

COLLEGE OF HUMANITIES, EDUCATION AND SOCIAL SCIENCES

- 56.5% Employed
- 12.0% PT/Seeking
- 4.6% Continuing Ed
- 26.9% Not Employed

83.3% of CHESS graduates are either employed in substantive roles or continuing their education.

COLLEGE OF ENGINEERING AND BUSINESS

- 72.2% Employed
- 9.3% PT/Seeking
- 16.7% Continuing Ed
- 1.9% Not Employed

88.9% of CEB graduates are either employed in substantive roles or continuing their education.

2 students had dual degrees from separate colleges

MOROSKY COLLEGE OF HEALTH PROFESSIONS AND SCIENCES

- 38.1% Employed
- 57% PT/Seeking
- 4.1% Continuing Ed
- 0.7% Not Employed

95.2% of MCHPS graduates are either employed in substantive roles or continuing their education.
Graduates attained employment regionally, nationally and internationally.
